<p><b>Notes:</b> Volume data are from DHCFP Hospital Discharge Data for FY2005. Cost data are not available.  Surgeons are not listed if they performed fewer than 10 procedures statewide in 2005. Surgeries performed in US government hospitals (e.g., Veteran's Affairs (VA) hospitals) are not included in this report.</p> <p><b>ICD-9-CM Definition:</b> Discharges for the volume calculation were determined based on the ICD-9-CM procedure code of 81.54 – total knee replacement.  <b>Hospital volume</b> and <b>physician volume</b> were determined by the presence of the procedure code in <b>any two</b> procedure fields with the same procedure date.  Each procedure is defined as both a right and left total knee replacement performed on a patient during the same surgery.</p>
